Request aviation imagery of the Ottawa area and specifically Splendron farm area at 8843 Hwy 34 near Vankleek Hill to be done for an increasing number of vehicles being staged at that area.

POIB and PLT are monitoring and engaged.

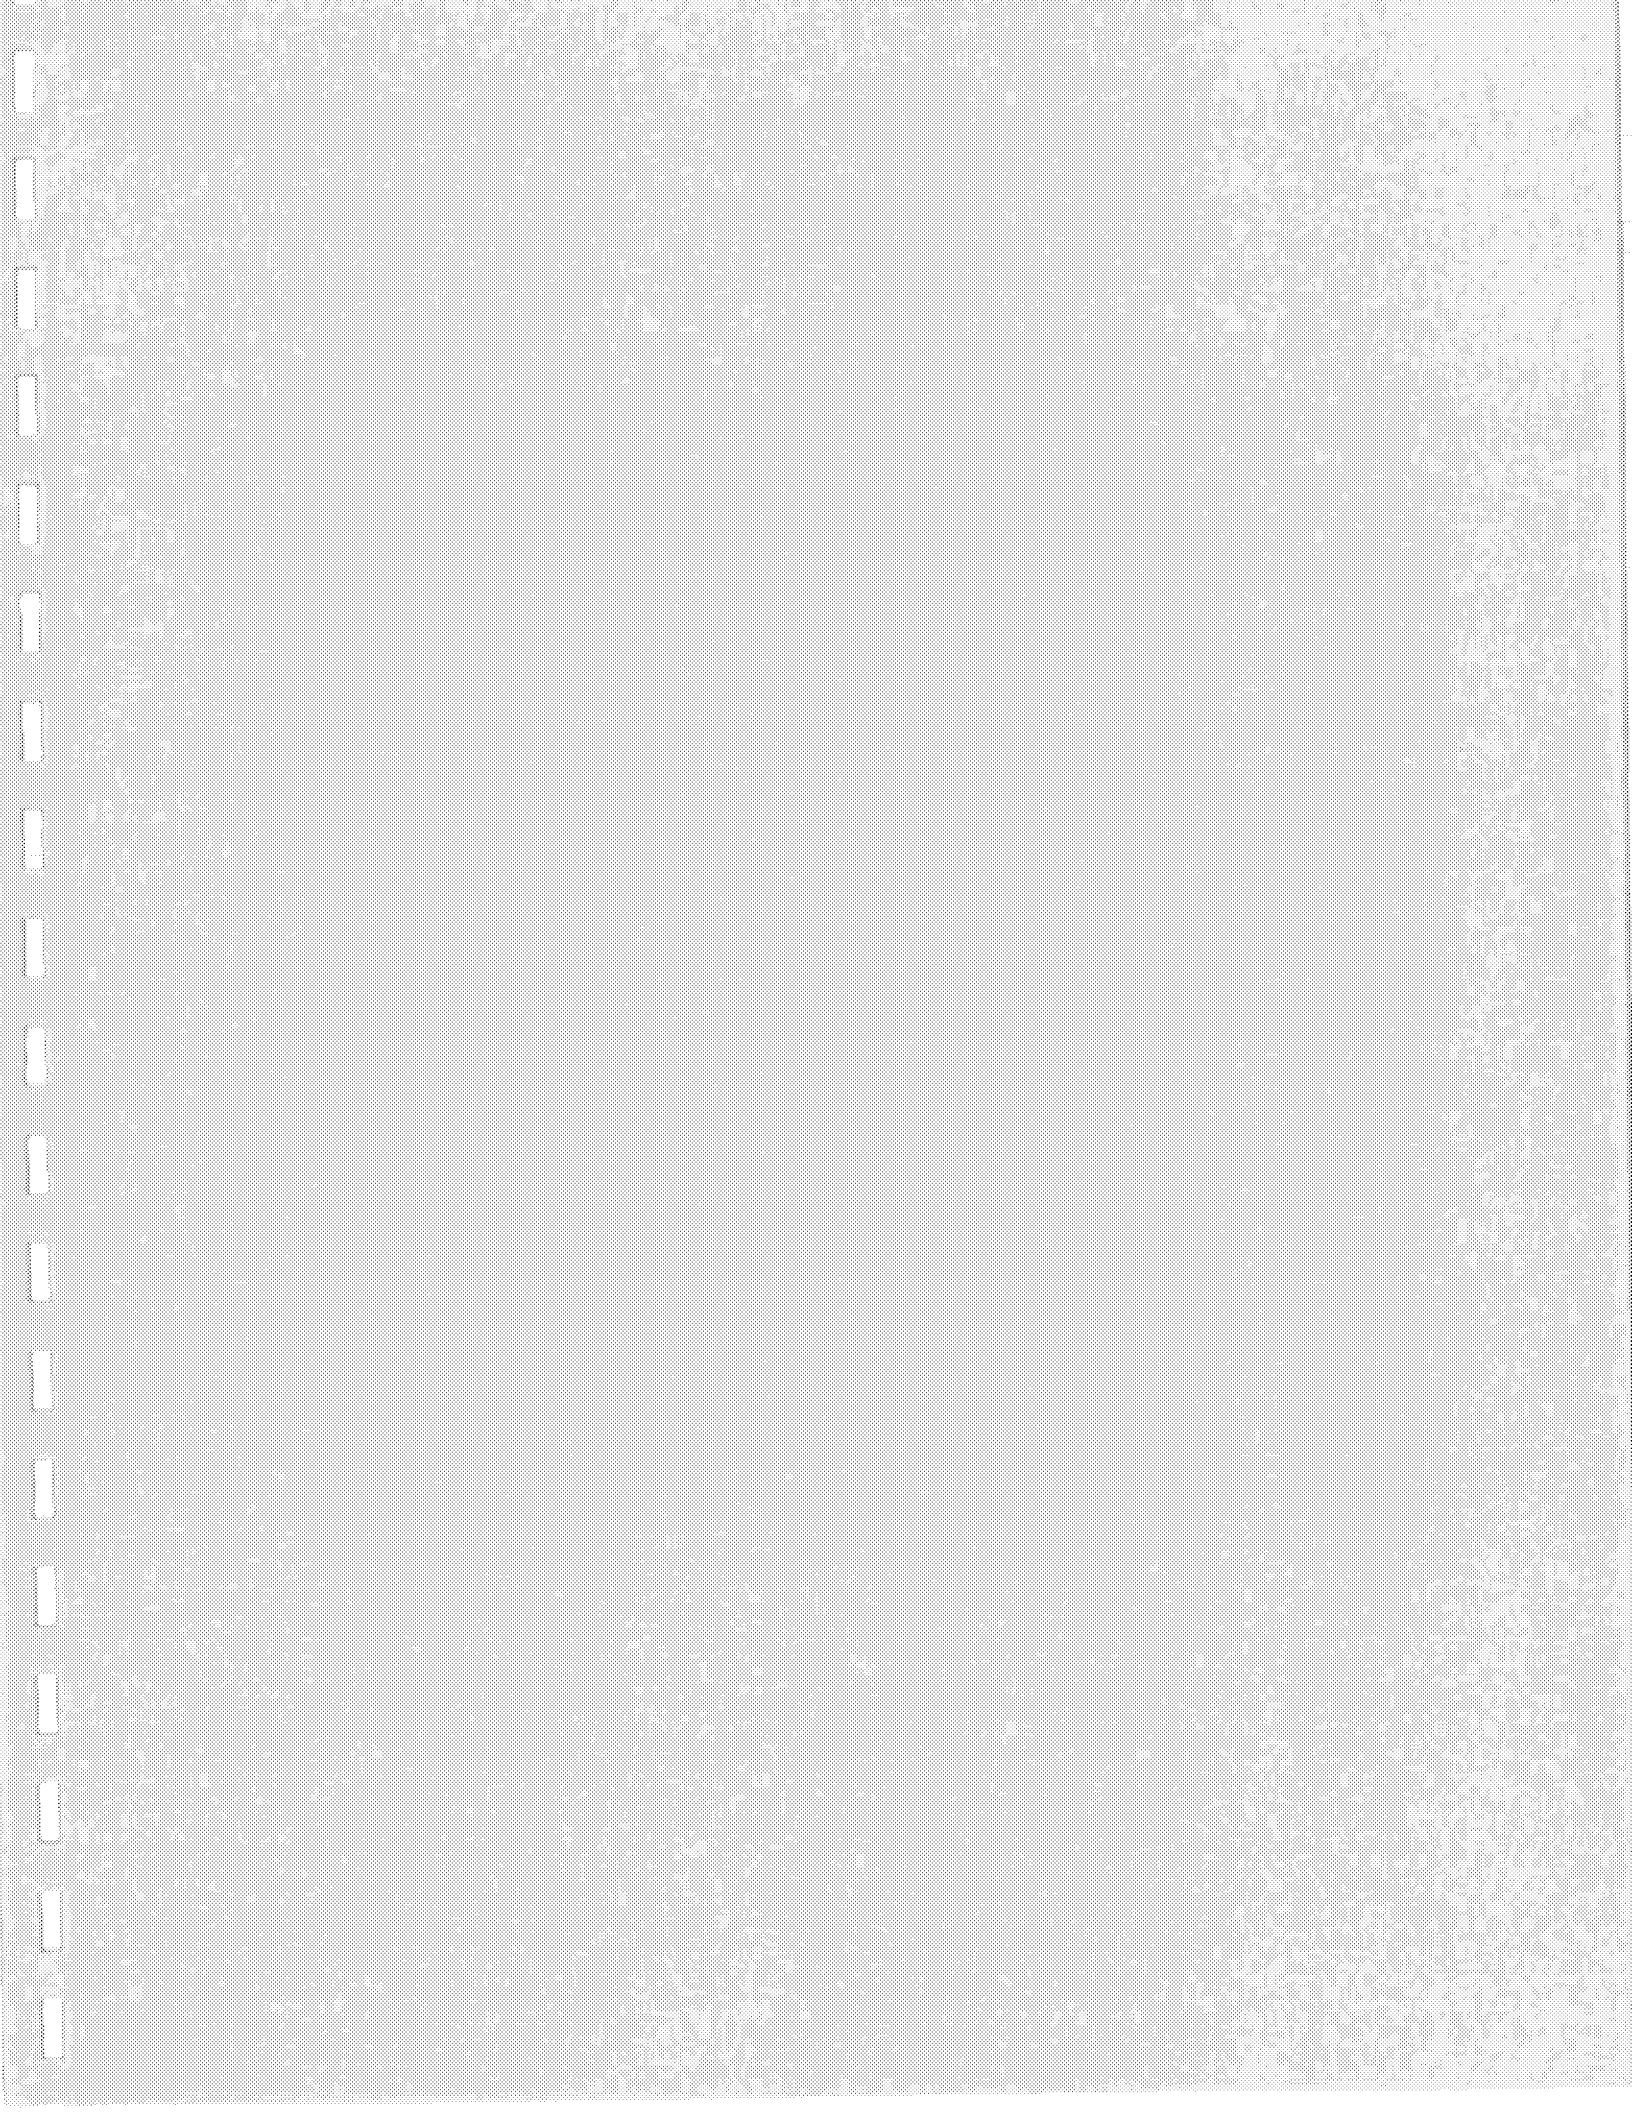

Updated by D/C Marvin MacDonald confirming 70 vehicles being more organized with parking and security at entrance. If imagery would be possible by 1300 hrs 24Feb22, it would be greatly appreciated.

Dave

As you might imagine, things have progressed. I am advised from the DSG that the convoy is now circling Ottawa. The expectation is that as soon as any police operation starts the convoy will proceed

Can I get some bullets that I can share with the DSG to clarify what powers exist to prohibit any entry into Ottawa itself.

Attention all members,

To ensure a consistent approach and for clarification purposes, all provisions of the Emergency Management and Civil Protection Act (EMCPA) remain enforceable until Saturday, February 26, 2022. Further information relating to the EMCPA will be provided beyond February 26, 2022.

The emergency-related provincial acts, orders and regulations do not create powers of arrest. Officers must consider the totality of the circumstances to determine if an authority to arrest exists under common law, the Criminal Code or another appropriate act.

Considerations:

- Mischief - Criminal Code Section 430(1)
- Obstructing Police – Criminal Code Section 139 (1).
- Identification on Failure to Surrender Licence – Highway Traffic Act 33(3)
- Breach of a Court Order – Criminal Code Section 127
- Intimidation by blocking or obstructing a highway – Criminal Code Section 423 (1) (g)
- Prevent Breach of the Peace – Criminal Code Section 30

Respectfully shared,

The Provincial Operations Centre (POC)

Good afternoon Inspector,

TPS are keeping hard checkpoint closures near QP relying upon the EMCPA (expires 26 Feb and subject to possible extension) and out of an abundance of caution in light of intel that suggests how protestors/demonstrators may return to the downtown core. There are hard closures in place around the Leg; however, officers are engaging motorists/pedestrians and providing them with access if required similar to what we're doing in the Red Zone in Ottawa. I confirmed that the closures in place as marked by Google Maps is accurate. I've also included a screenshot from Transomis Home (a great resource):

There are additional soft closures in place around University Ave hospitals, the Gardiner and DVP with strategically placed vehicles should a closure be required.

Please let me know if you require anything further, or, you can contact Supt Cole directly.

Subject: Cancellation of Discretionary Days / Continuation of Stand By Time until March 4th, 2022

Importance: High

Good Morning, All;

Following up from the Chief's email on Feb. 15th, as per of the Commissioner's Officer Deployment Memo from February 12th, Chief Thomas authorizes that discretionary leave continues to be cancelled until Friday, March 4th, 2022. As well, under his authority, all deployable uniform members will continue to remain on Standby on their rest days until that date.

For now, as discussed on our DC call, we are needing to continue our deployment of 220 members / day from now until March 3rd. These deployment needs are being constantly evaluated and we will continue to communicate with you all and ensure you are aware of any potential changes that may occur as each day unfolds.

Once again, we appreciate Insp Neufeld assisting with helping to identify 65 members across ER who will be deployed to Ottawa, beginning the morning of Monday, February 28th. Those members identified will be asked to pack for 5 days. Depending on when ER members are scheduled will determine whether they will need to come to Ottawa Sunday night for their day shift on Monday.

On behalf of Chief Thomas, Supt Abrams and myself, thank you for your continued support.

Should you have any follow up question or concerns, please let me know.

1.0 SITUATION

Freedom Convoy (French: *Convoi de la Liberté*) is an ongoing protest in Canada against COVID-19 vaccine requirements for truckers to re-enter the country by land introduced by the government of Canada on January 15, 2022. Originally composed of several routes traversing all of the Canadian provinces, the truck convoys converged on Ottawa on January 29, 2022, with a rally at Parliament Hill.^{[1][2][3][4]} The trucking convoys were then joined by pedestrian protesters.^[5] The protest continued into February.^{[1][2][3][4]} Protesters have stated that they will not leave until all COVID-19 restrictions and mandates have been repealed, and some have called for the federal government to be overthrown.^[6]

Both Canada and the United States accommodated unvaccinated cross-border truckers with an exemption from the new COVID-19 regulations implemented by both countries in the fall of 2021, to prevent supply chain disruptions. The exemptions for Canadian truckers ended on January 15, 2022, and the United States Department of Homeland Security exemption ended a week later on January 22, 2022.

The Canadian Trucking Alliance (CTA) estimates that 85% of the 120,000 Canadian truck drivers are already vaccinated against COVID-19,^[7] and that these mandates would potentially impact 26,000 of the 160,000 drivers in both the United States and Canada who regularly cross the border.^[8]

The convoy has been condemned by trucking industry groups,^{[9][10]} and the Canadian Trucking Alliance reported that a large number of protesters had no connection to trucking.^[11] On January 27, Prime Minister Trudeau said that almost 90% of Canadians were vaccinated, as were many truckers in Canada, and that a "small fringe minority of people" in the convoy do not "represent the views of Canadians."^[12] A January 29 CTA statement cautioned the public that a "great number of protestors" with no connection to the trucking industry, "have a separate agenda beyond a disagreement over cross border vaccine requirements."

The City of Ottawa, as well as the Province of Ontario have declared a State of Emergency as a direct result of the Freedom Convoy movement. In Ottawa, the protest activity has been ongoing since Jan 28, 2022, and has evolved into an occupation, with large trucks blocking a large portion of the downtown core. The area bounded by Wellington St, Elgin St, Albert St and Bay St is the geographic hub of the Freedom Convoy occupation. Wellington St in front of Parliament Hill has become the staging point of the organizers, where they have erected a shelter, and soundstage.

There remains over 500 trucks in the downtown core.

*UPDATED:

The Unified Command Centre was established on February 16th, 2022. A Concept of Operations was established and an action on plan was initiated. The actions on plan began with securing the downtown core, establishing a secure area, an exclusion zone and strategic checkpoints throughout the city to prevent any further demonstrators enter the area.

On February 18th, 2022, the UCC launched an operation with the intent to clear the roadways in the city of Ottawa and return the streets/city to a state of normalcy. This was accomplished through Public Order Engagement, Tactical Engagement, Investigative Support, Traffic/Towing Support and regular Police Operations Support. In the evening of February 20th, 2022, the ICR had accomplished its Actions On by completing the concept of operations.

Quick Response to Mobile Convoy

26-27 February 2022

(Appendix B to Overall Tactical Plan)

Situation

On February 18th, 2022, the UCC launched an operation with the intent to clear the roadways in the city of Ottawa and return the streets/city to a state of normalcy. This was accomplished through Public Order Engagement, Tactical Engagement, Investigative Support, Traffic/Towing Support and regular Police Operations Support. In the evening of February 20th, 2022, the ICR had accomplished its Actions On by completing the concept of operations.

At this time, there remains multiple satellite posts around the city of Ottawa which is housing hundreds of trucks that are associated to the Freedom Convoy. Although there is no specific intelligence indicating they may attempt to convoy back into Ottawa, preparations are being made in case it does occur.

Mission

The Tactical Unit will provide support to Traffic and Public Order Teams deployed to intercept any Truck Convoy attempting to re-enter Ottawa prior to them arriving in the city.

Execution

3 Phases

Phase 1:

RV

Designated Tactical quick response teams will rendezvous with designated POU team at a location to be determined at the time of deployment. POU and Tactical will meet and proceed to the location of the Convoy as directed by the OPP / OPS Traffic Teams.

Phase 2:

Clearing Phase

Assist POU with clearing vehicles as required. This may include but is not limited to barricaded vehicle occupants, abandoned uncleared vehicles, armed barricaded occupants, suspicious packages observed in vehicles.

Phase 3:

Demobilization

Return to the downtown core and assist with any other task as required at the direction of the Tactical Commander

Actions on:

Barricaded Persons

- a) Hostile Barricaded Person - Entry team will utilize tactics and equipment to effect the arrest. Options include window breach, insertion of chemical munitions manually or through the use of barricade penetrating chemical dispersion rounds. Hostile occupant may include but is not limited to those who lock doors, use the vehicle horn, have a dog identified as a possible threat, appear to be attempting to set their vehicle in motion.
 - Spike belts will be set up directly under the wheels at the first sign of non-compliance to mitigate possible movement. Attempt to release airbrake pressure from the exterior to contain vehicle.
 - The threat of a hostile large truck going mobile is significant. The most effective way to mitigate this threat is to take immediate measures to take away the opportunity for the driver to go mobile by gaining control of the driver before he is able to drive.
- b) Armed Barricaded Person – isolate and contain. SOP's actions at the discretion of CIC.
- c) Passive occupant / family refusing to exit a vehicle – Advise CIC. Contain and consider Negotiator / PLT. Tactical IAT to remain with the vehicle until given further direction by CIC. Entry can be made by prying door open or using a rescue device to breach the window if required.
- d) Confirmed empty vehicles – continue clearing
- e) Unconfirmed or possibly empty vehicles – Attempt to make contact with potential occupants. If unsuccessful - breach and confirm vehicle is empty based on the risk associated with leaving a possible unknown threat behind the advancing members
- f) Camping Trailers – knock and call out. Breach and search using Scout robot followed by stealth search to confirm its empty.

Shots Fired – React, assess and communicate. QRT to respond

IED's or Suspicious Packages – Integrated CBRNE Unit will be on scene and attend immediately

Hostages – OPS SOP's.

Hostile Mobile Vehicle – options include:

- a) Attempt to box in with Tactical Vehicle
- b) Deploy barricade penetrating Chemical Munitions

- **Event:** Protests
- **Location(s):** Multiple Cities ([map](#))
- **Date:** Through at least late February
- **Impact:** Likely localized transport disruptions; possible minor clashes

Summary

Activists intend to protest in multiple cities across the Americas through late February in response to the ongoing Russian military offensive in Ukraine. Some of the demonstrations that have been confirmed include, but are not limited to, the following times and locations:

- **Washington, D.C.:** Protest outside the White House Feb. 25 between 12:00-20:00
- **Vancouver, Canada:** Protest outside Vancouver Art Gallery Feb. 26 from 13:00
- **Ottawa, Canada:** Protest outside Embassy of the Russian Federation in Canada Feb. 27 from 14:00

Demonstrations outside Russian and Ukrainian diplomatic representations are likely in several capital cities. Gatherings may also take place in main squares and outside government buildings to demand action from national authorities. Protest actions could cause localized transport disruptions. Clashes are unlikely, but low-level confrontations may occur if police use force to disperse gatherings. Demonstrations could become larger and more widespread in response to developments in the conflict.

Advice

Avoid all demonstrations as a standard precaution. Heed instructions of local officials.

Subject: Cancellation of Discretionary Days / Continuation of Stand By Time until March 4th, 2022
Importance: High

Good Morning, All;

Following up from the Chief's email on Feb. 15th, as per of the Commissioner's Officer Deployment Memo from February 12th, Chief Thomas authorizes that discretionary leave continues to be cancelled until Friday, March 4th, 2022. As well, under his authority, all deployable uniform members will continue to remain on Standby on their rest days until that date.

For now, as discussed on our DC call, we are needing to continue our deployment of 220 members / day from now until March 3rd. These deployment needs are being constantly evaluated and we will continue to communicate with you all and ensure you are aware of any potential changes that may occur as each day unfolds.

Once again, we appreciate Insp Neufeld assisting with helping to identify 65 members across ER who will be deployed to Ottawa, beginning the morning of Monday, February 28th. Those members identified will be asked to pack for 5 days. Depending on when ER members are scheduled will determine whether they will need to come to Ottawa Sunday night for their day shift on Monday.

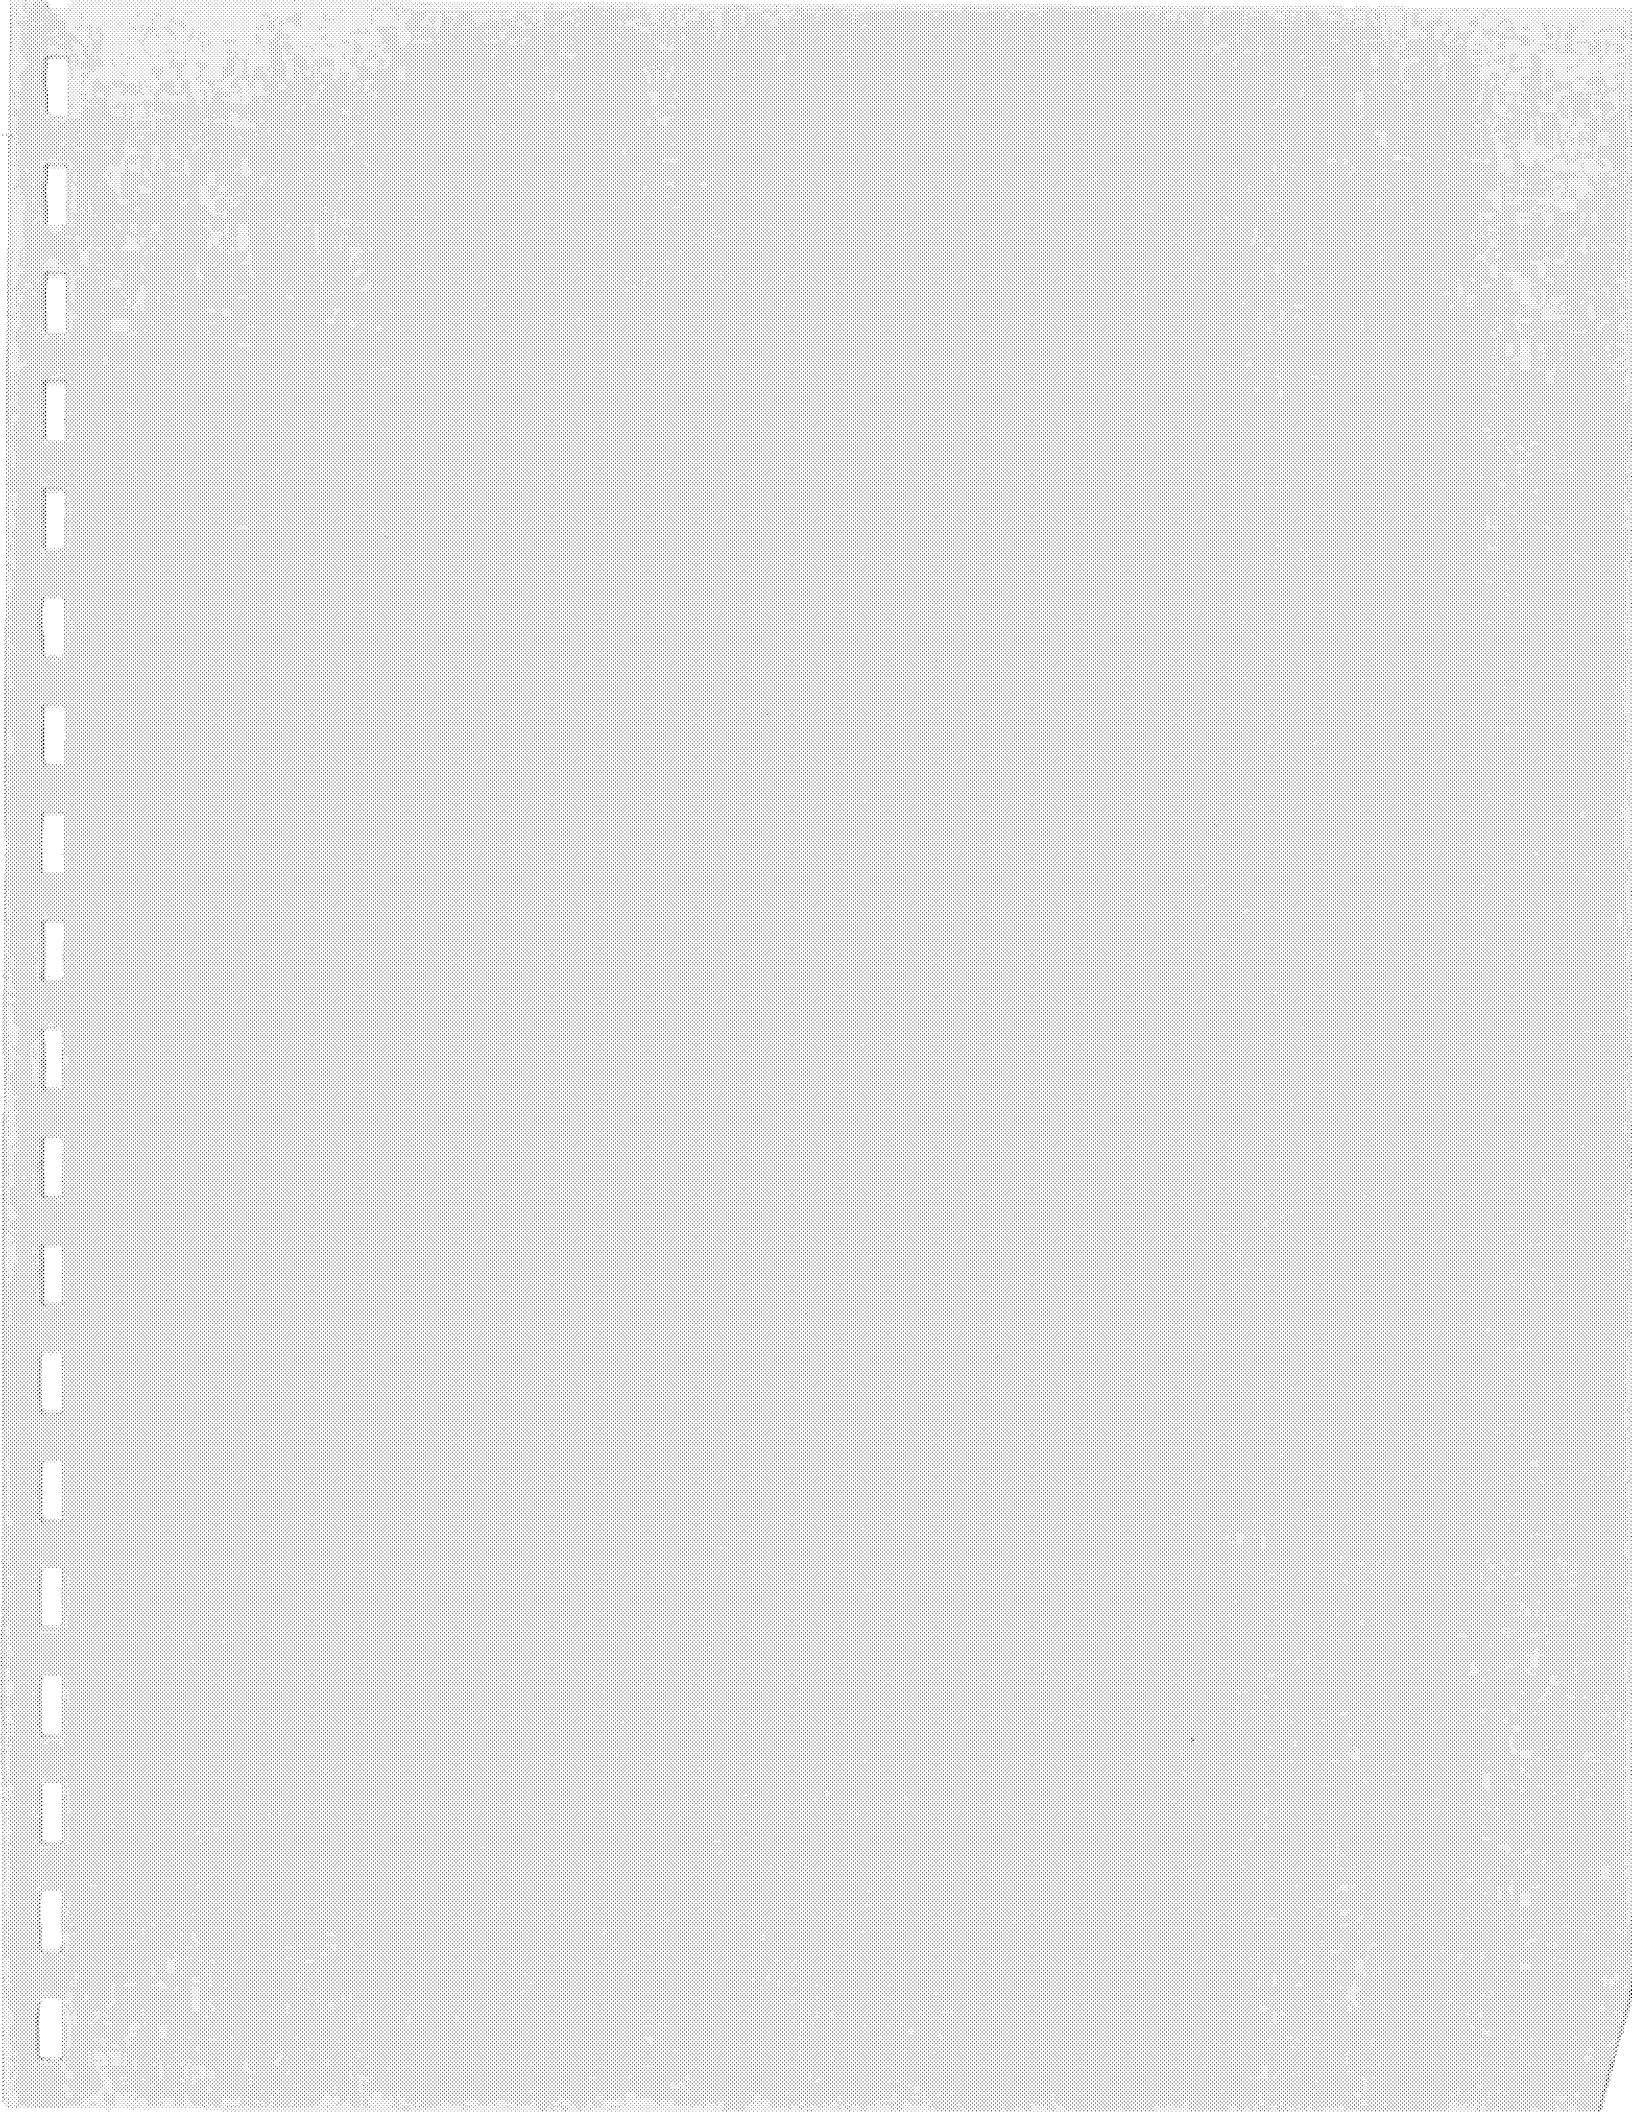

On behalf of Chief Thomas, Supt Abrams and myself, thank you for your continued support.

Should you have any follow up question or concerns, please let me know.

Attention all members,

To ensure a consistent approach and for clarification purposes, all provisions of the Emergency Management and Civil Protection Act (EMCPA) remain enforceable until Saturday, February 26, 2022. Further information relating to the EMCPA will be provided beyond February 26, 2022.

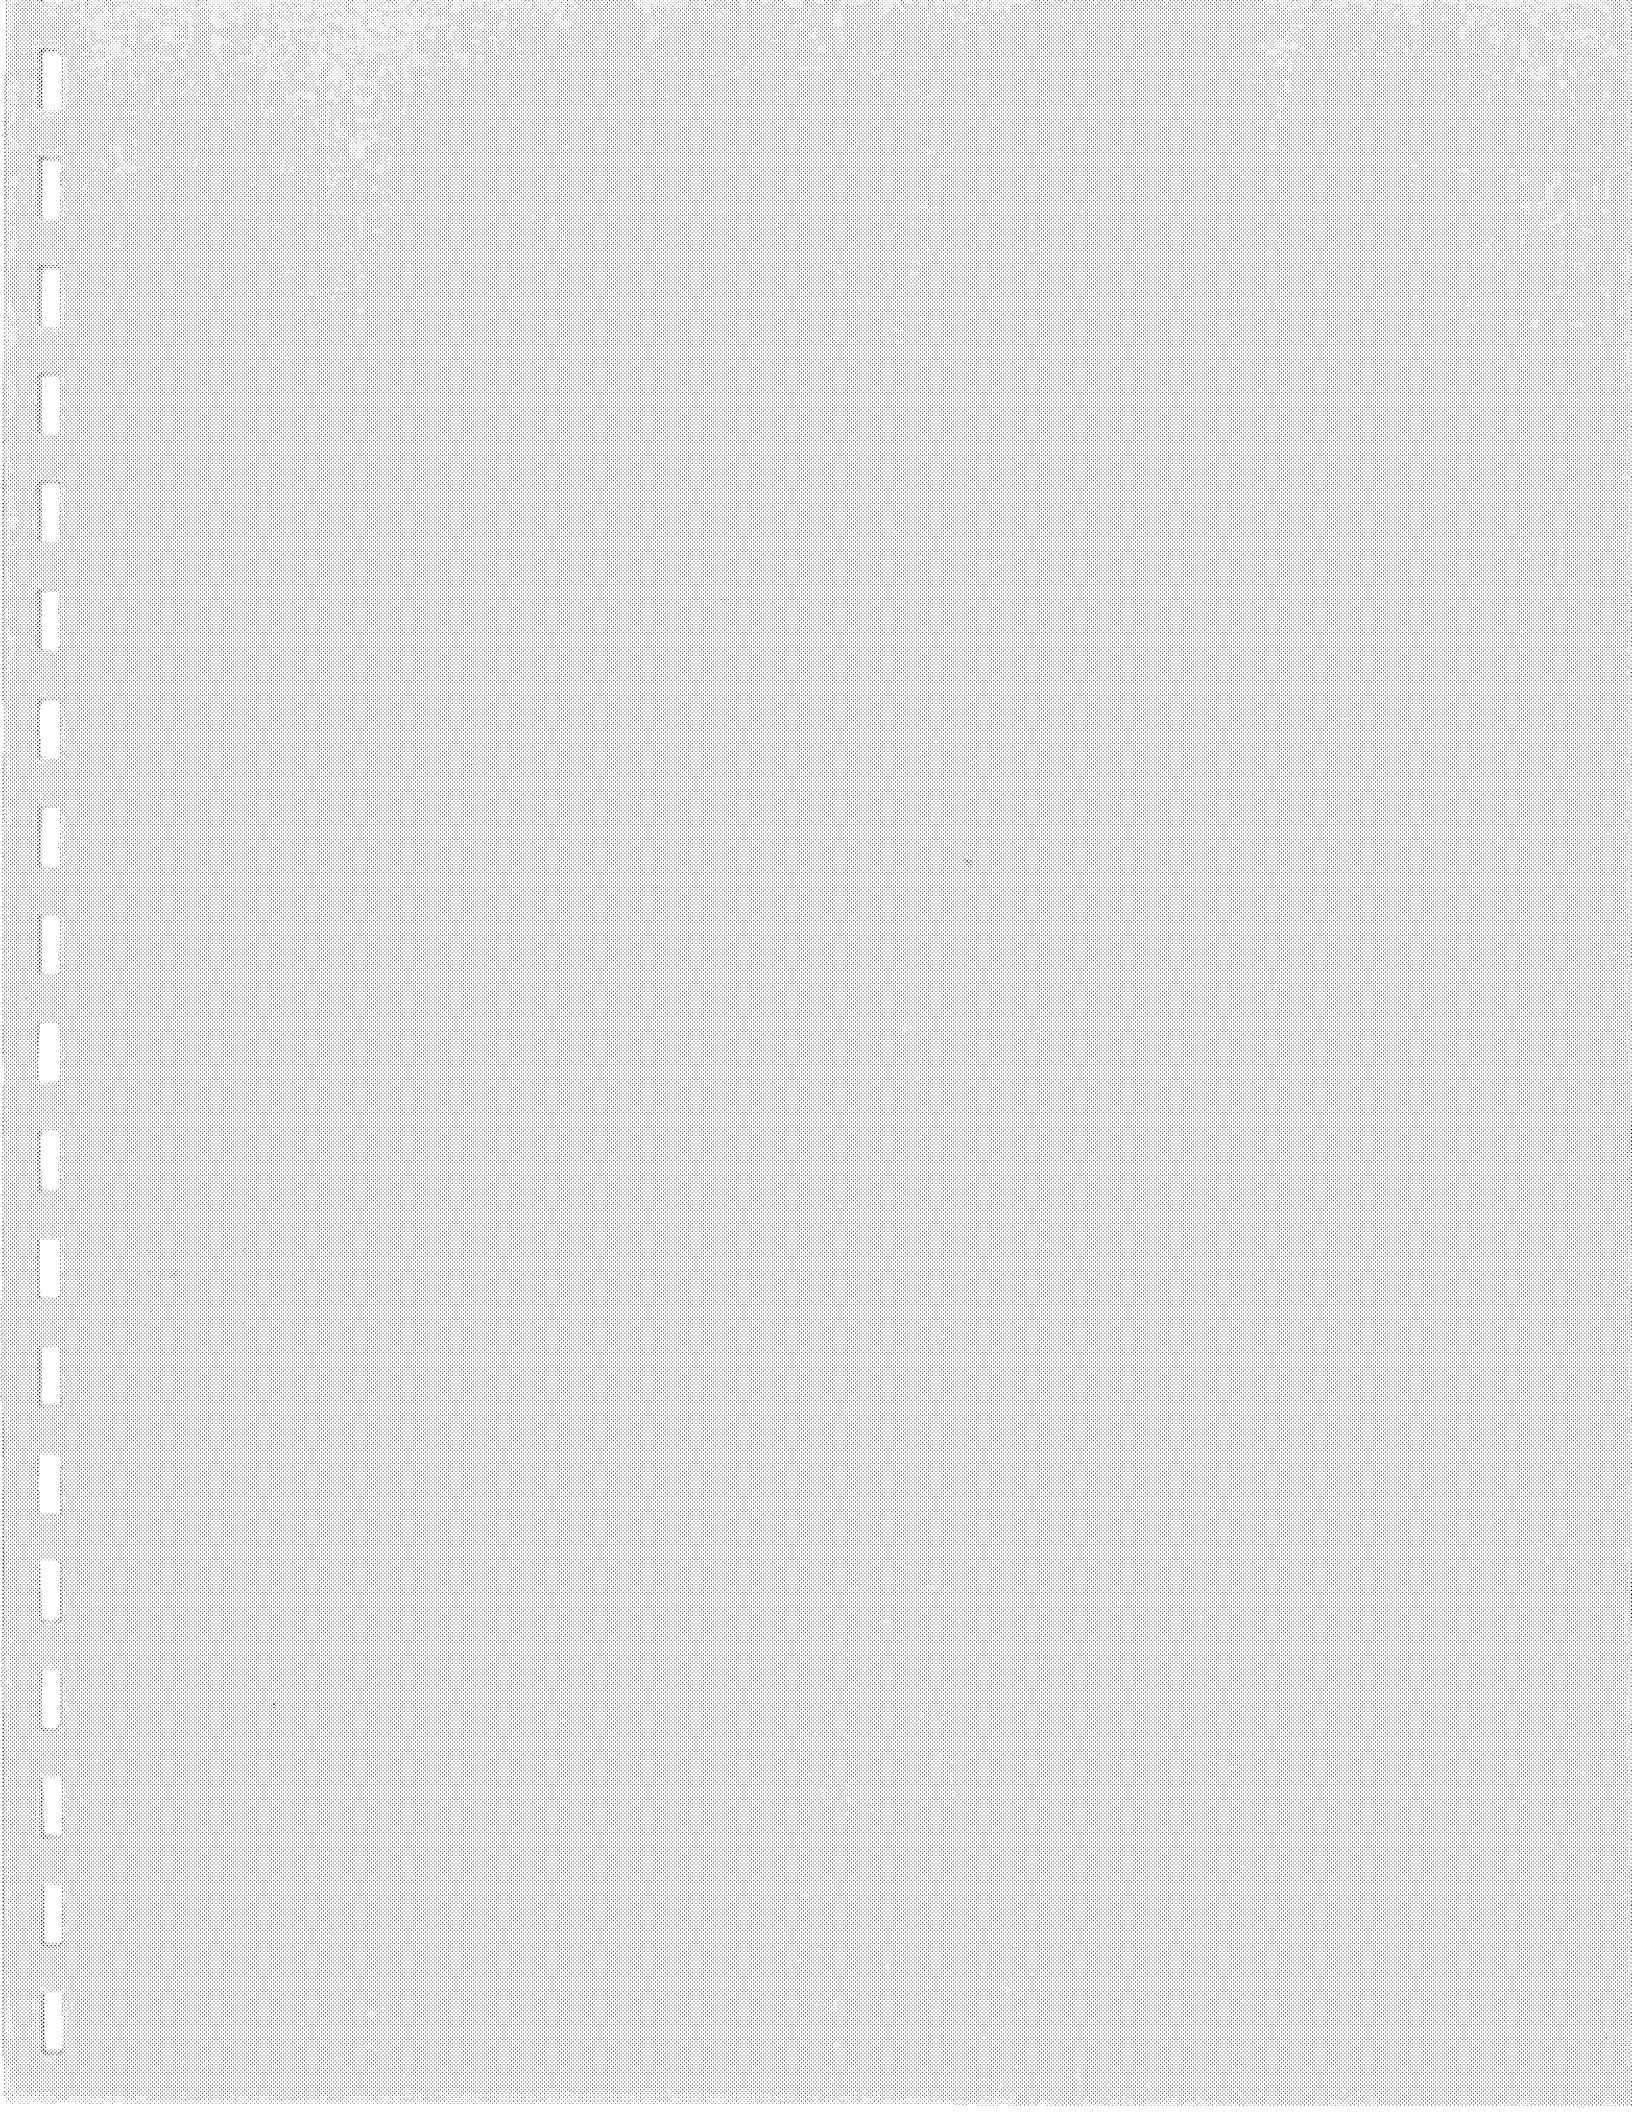

The emergency-related provincial acts, orders and regulations do not create powers of arrest. Officers must consider the totality of the circumstances to determine if an authority to arrest exists under common law, the Criminal Code or another appropriate act.

Considerations:

- Mischief - Criminal Code Section 430(1)
- Obstructing Police – Criminal Code Section 139 (1).
- Identification on Failure to Surrender Licence – Highway Traffic Act 33(3)
- Breach of a Court Order – Criminal Code Section 127
- Intimidation by blocking or obstructing a highway – Criminal Code Section 423 (1) (g)
- Prevent Breach of the Peace – Criminal Code Section 30

To All Members,

As we continue to evaluate our response to the Freedom Convoy, we have been slowly and cautiously demobilizing resources over the weekend. A Provincial deployment model is no longer required at this time, however due to on-going intelligence monitoring of the fluid situation, members should be mindful that this could be reactivated on short notice.

Response to any regional events will continue to be staffed as required utilizing local resources.

On behalf of the EOC thank you for your dedication and support during this time.

Thank you.

Good Afternoon;

As promised, in an effort to ensure you are all up to date on the latest staffing requirements regarding the Ottawa deployment, as of 0600hrs tomorrow morning, OPP will no longer be required to assist OPS. Tonight we have 8 members providing assistance and that will conclude our involvement.

We will still require support tomorrow (possibly into Tuesday) to take down the Logistics CP and ensure all assets are packed up and accounted for but once that task is completed, that will be it.

Thank you all, once again.

Hi There,

I just wanted to send a quick note to say thank you for your support over the last week and a half, heading to Ottawa was a HUGE culture shock to me, from the size of the buildings, to the many people, to driving on the 400 series, all these were very new to me. I want to thank you for your patience and guidance and mostly for your friendship, it meant a lot. I hope you all get some (very well deserved) time off with family and friends.

I learned a lot from this, and think that my second deployment will be a piece of cake (it has to be right?)

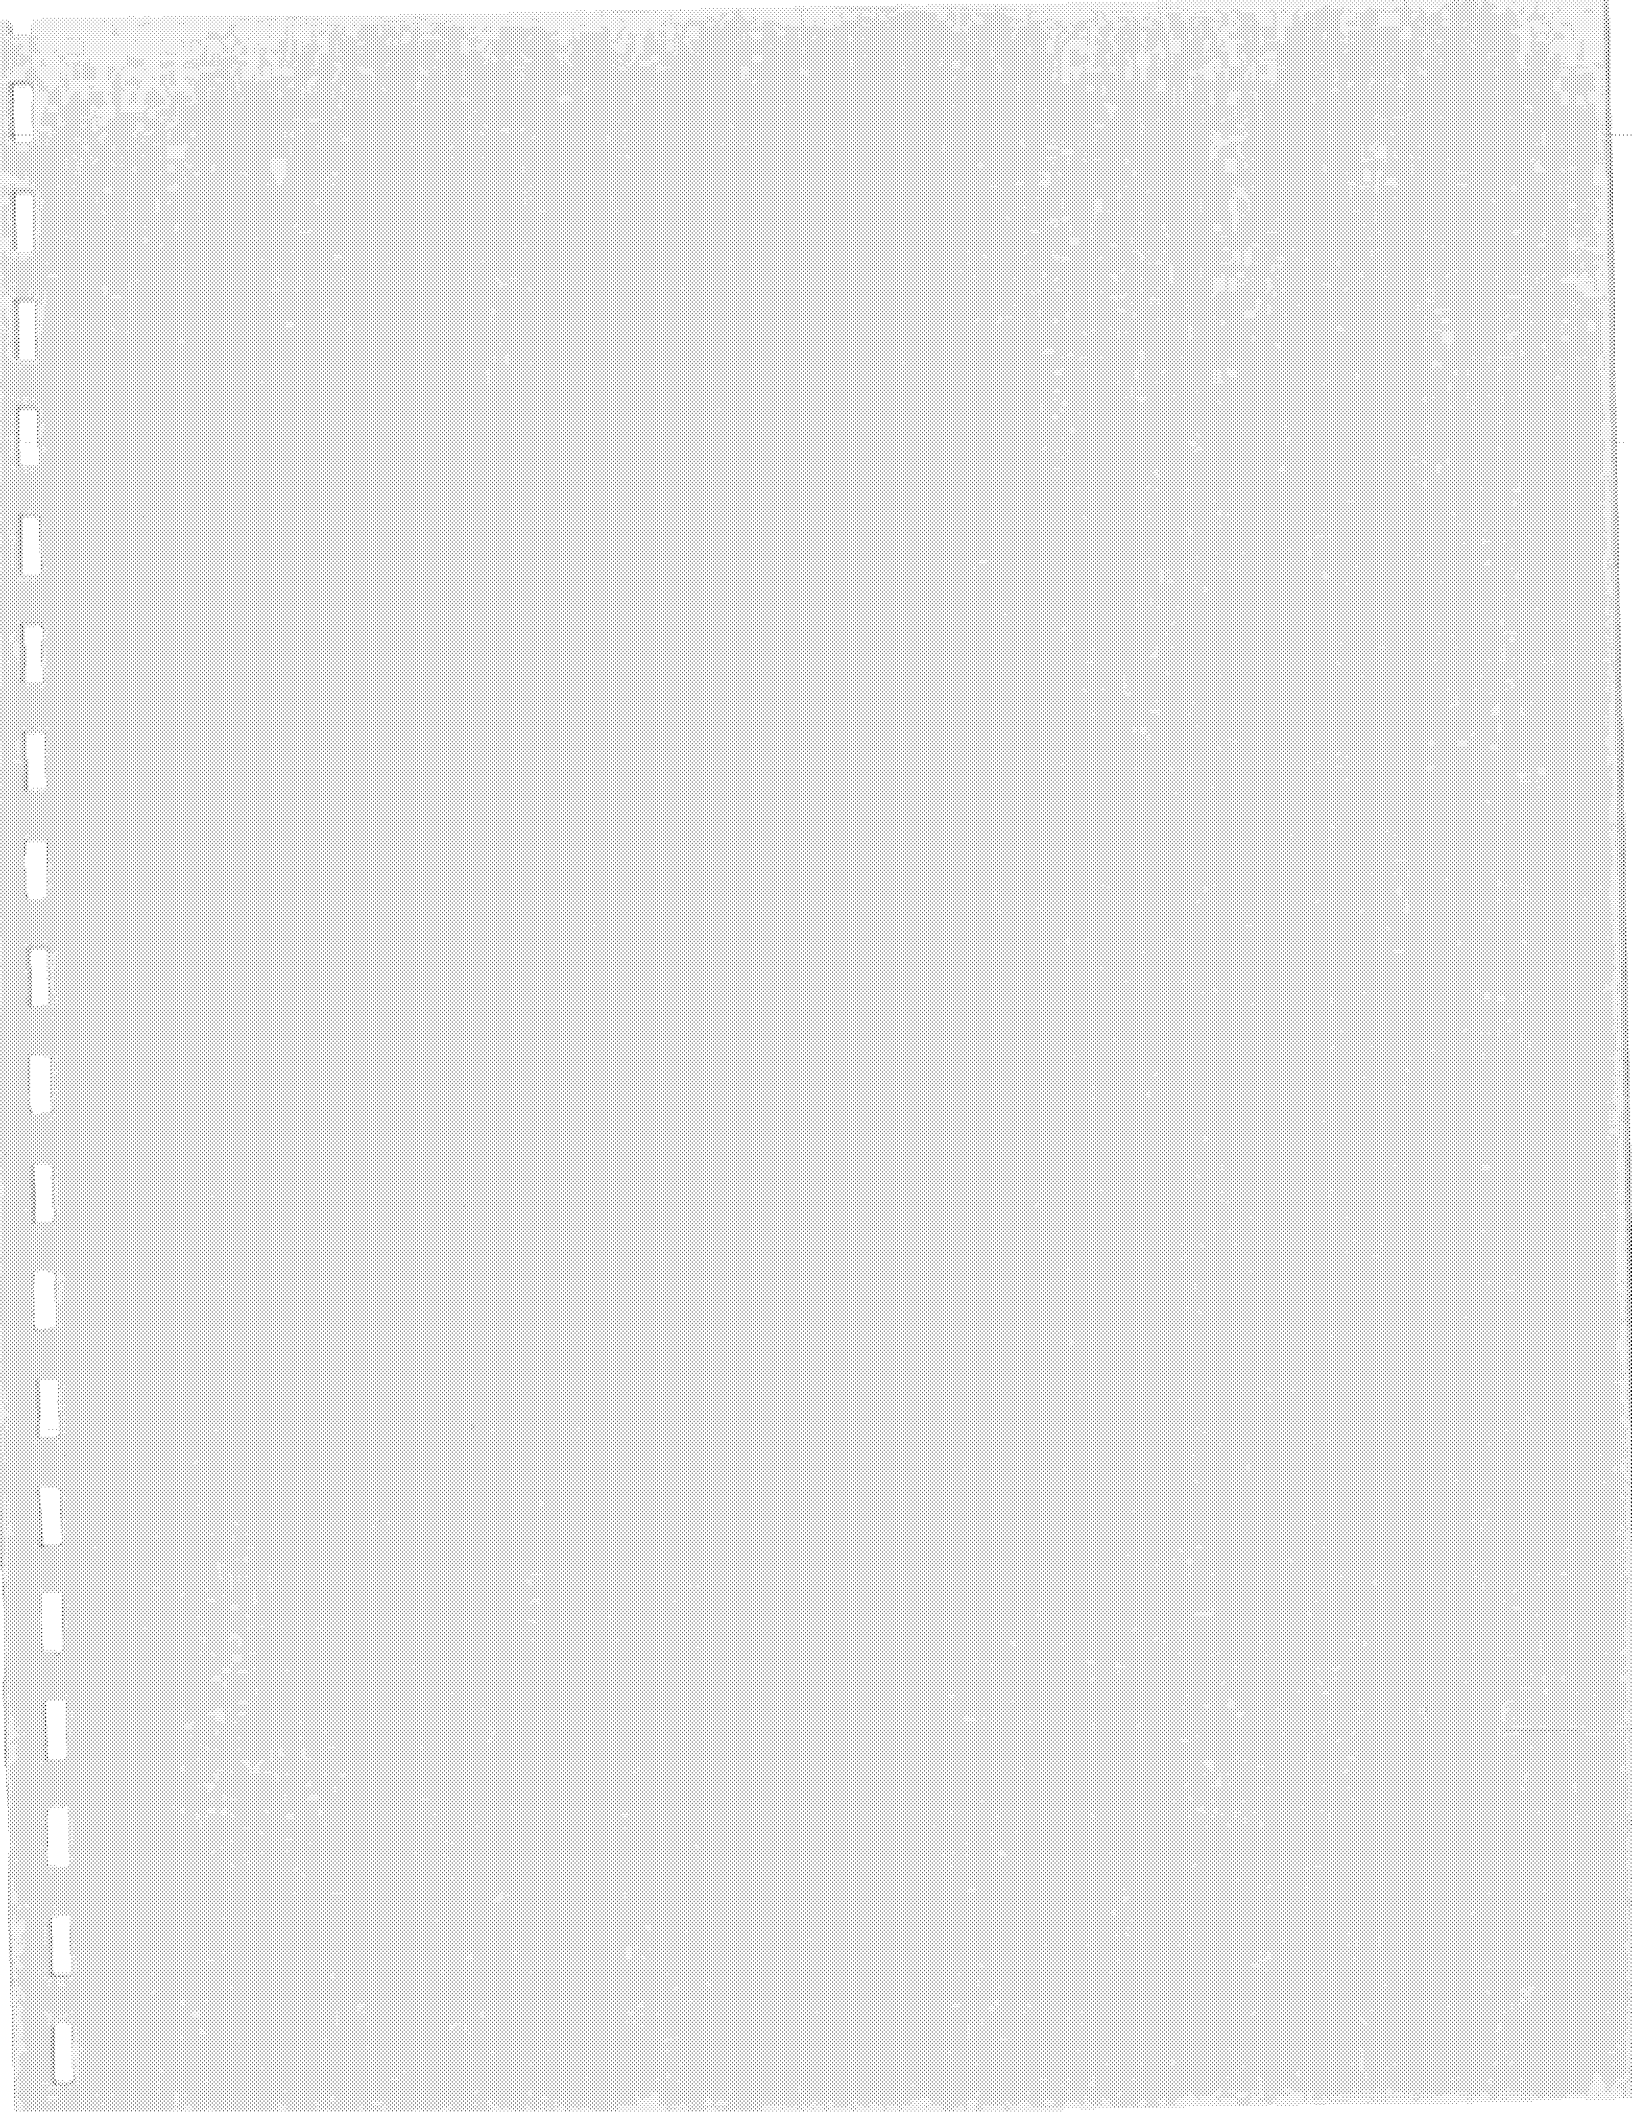

I'm back to work today driving on my little ice road to get here and I will never again make a joke about it being the 401 when it's plowed to 4 lanes, I know better than that now. ☺

If you ever find yourself at the end of Hwy 125, give a good yell across the lake and I'll come pick you up in the boat, you've got a place to stay while we catch some walleyes off the dock.

Keep in touch,

Hello everyone,

I don't believe we have received an invoice for the OPP services provided to PPS yet. As you might expect we have been asked to report on the full cost of this event. Our fiscal year end is coming up on March 31st and so would appreciate reimbursing the OPP as soon as possible.

Good day Steph and introduction to Inspector Matt Ritchie from PPS.

We set up the OPP in support of the Ottawa Truck Protest embedded at the request of PPS at the beginning of this event.

Matt was asking for a finance contact to arrange for OPP compensation as we require.

If you are not the contact, can you direct Matt to the right OPP resource.

Brook Street Hotel 28-30Jan for 2 POU Sections to start. (we asked for 104 rooms not sure if we took them all on those dates)

Thanks,

Dave

Hello again everyone,

I still did not receive anything regarding OPP services provided to PPS for the initial days of the convoy protests. As previously mentioned, our fiscal year end is March 31st and in order to pay for these services with our appropriated funds we need to record the liability in this fiscal year.

Please note that this cannot be paid with next fiscal year funds...
